

Environmental Protection Agency

Notice to the Public

Cevon's Waste Management has submitted an Application to the Environmental Protection Agency (EPA) for Environmental Authorisation, to construct and operate a **Wastewater/Sewage Treatment Plant at Tract "A", Plantation Peter's Hall, East Bank Demerara, obliquely opposite the Haags Bosch Sanitary Landfill.** This project is intended to design, build and operate a Wastewater/Sewage Treatment Plant in-keeping with the development goals of our nation.

The Wastewater Treatment Plant will include seven (7) major components; the **receiving chamber, screening chamber, grit removal chamber, skimming tank, sedimentation tank, clarifier active sludge tank and sludge drying beds.** The Plant is expected to collect an estimated average volume of 16,000 gallons (73m³) of sewage/wastewater per day from Georgetown and its immediate environs for the next twenty (20) to thirty (30) years.

In keeping with the Environmental Protection Act, Cap. 20:05, Laws of Guyana, an Environmental Impact Assessment (EIA) is required before any decision to approve or reject this proposed project is taken, since this development may have significant impacts on the environment.

Members of the public are hereby invited, within twenty-eight (28) days of this Notice, to make written submissions to the Agency, setting out those questions and matters which they require to be answered or considered in the Environmental Impact Assessment.

A summary of the project can be viewed on the EPA's website or uplifted at the Office mentioned below, at a reasonable cost of photocopying.

Comments should be addressed to:
